RG104 E-313 Philippine and Puerto Rico 1899-1923

Adjutant General's Office,

Washington, April 22, 1903.

Commanding General,

Department of California.
San Francisco, California.

Referring to my letter April 9th, no coin shipments from Philadelphia will be made this month, such coinage will go via Suez. The San Francisco Mint will have ready for shipment to Manila by May 1st transport at least one million and possibly twelve hundred thousand pesos.

The Secretary of War directs that the proper officers of the Army be instructed to receive from the San Francisco Mint the coins minted at that establishment for the Government of the Philippine Islands, and transport them to Manila, supplying proper guard in the meantime and deliver them to the Treasurer of the Philippine Islands taking his receipt therefor.

He further directs that a suitable officer be at once detailed to visit the San Francisco Mint to witness weighing, sealing and boxing of Philippine pesos and superintend transfer from Mint to transport and also to give the necessary receipts by direction of the Secretary of War. Report of the same to be made to the War Department and to Treasurer of the Philippine Islands.

Shipment coins from San Francisco mint will be covered by insurance from New York on information furnished by United States Treasury Department.

Copy for Bureau of Insular Affairs.

Hall,
Acting Adjutant General.

W. [illegible] H.

Colonel Edwards.

A. [illegible] G.
